DETAILED ACTION

Response to Amendment

1. Claims 1-3 and 8-14 have been cancelled and claims 25-30 have been added as requested in the amendment of Paper No. 24, filed on August 29, 2003. Claims 25-30 are pending in the instant application.

Claims 25-30 are under examination in the instant office action.

2. A call was made to Applicant's representative E. Yoo on October 30, 2003 regarding the dependency of claim 28 from cancelled claim 9. Authorization was given to proceed with Examiner's amendment to change claim 28 as being dependent from claim 27 in a telephone message left by Attorney Ed Yoo on October 31, 2003. However, because during further examination it became apparent that the instant case remains not in compliance with the sequences rules for those reasons of record as particularly articulated in section 9 of Paper No. 22, the Examiner's amendment could not be entered, and, therefore, the detailed office action is as follows.

Specification

3. This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 C.F.R. § 1.821(a)(1) and (a)(2). However, this application fails to comply with the requirements of 37 C.F.R. § 1.821 through 1.825. Specifically, no sequence listing has been provided which includes the sequences presented in Figure 3B of the instant specification. In case these sequences are new, Applicant needs to provide a substitute computer readable form (CRF) copy of a "Sequence Listing" which

Art Unit: 1646

includes all of the sequences that are present in the instant application and encompassed by these rules, a substitute paper copy of that "Sequence Listing", an amendment directing the entry of that paper copy into the specification, and a statement that the content of the paper and computer readable copies are the same and, where applicable, include no new matter, as required by 37 C.F.R. §§ 1.821(e) or 1.821(f) or 1.821(g) or 1.825(b) or 1.825(d). The instant specification will also need to be amended so that it complies with 37 C.F.R. § 1.821(d) which requires a reference to a particular sequence identifier (SEQ ID NO:) be made in the specification and claims wherever a reference is made to that sequence. For rules interpretation Applicant may call (703) 308-1123. See M.P.E.P. 2422.04.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 28-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
5. Claim 28 is vague and indefinite for being dependent from cancelled claim 9. Claim 28 is a dependent claim and, therefore, must include all the limitations of the claim from which it depends. Because claim 9 was cancelled, the metes and bounds of the subject matter of claim 28 cannot be determined. Appropriate correction is required.
6. Claims 29 and 30 are indefinite for being dependent from indefinite claims.

Conclusion

7. Claims 25-27 are allowed. Claims 28-30 are rejected.
8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
